

A Declaration of Dependence on One Another and the Earth

WHEN IN THE COURSE OF HUMAN EVENTS,
it becomes necessary for ALL PEOPLE to dissolve
the political bands which have disconnected them
from one another, and to assume powers
TO HEAL THE EARTH.

We hold these TRUTHS to be self-evident:
That ALL living things are created EQUAL,
and are endowed by our Creator, MOTHER EARTH,
with certain unalienable Rights, that among these
are Life, Liberty and the pursuit of LOVE.

The planet is DYING and it is every human being's
first Right and Duty to SAVE MOTHER EARTH!
To prove this, let Naughty Mickey be submitted
to a candid world.

WHY A NEW DECLARATION?

Because the old one served its purpose, in a world that no longer exists. It's time for a new Declaration, for a world on fire.

Clearly, the broken political/economic systems leading us toward disaster can't solve the existential problems of our time.

Therefore, WE THE PEOPLE, must – and will – speak up!

We will work, individually and collectively, to heal the Earth around us.

We will respect and cherish ALL life, all species, sexes, races, religions, and beliefs.

We will commit our resources and technology to abolishing poverty.

We will honor and reward human, not monetary, values.

We will celebrate love and the creative spirit that sparks and sustains life.

And for the support of this Declaration, we mutually pledge to each other our lives, our souls, and our sacred honor.

American Dream?

We had it all – and we broke it.
Now what do we do with it?
